

The background of the slide features a person wearing a VR headset and holding controllers, sitting in a chair. They are surrounded by various digital icons representing different organs and systems: an eye, a liver, a brain, a heart, and a stomach. There are also charts and graphs, including one showing a bar chart with values 100%, 80%, and 60%, and another showing a circular progress indicator at 85%. The overall theme is digital health and technology.

All generations agree on  
two things being  
important :

**speed and ease  
of use.**
